

Audrey's
Angels
Enriching Lives Through Music

ANNUAL REPORT 2017

AUDREY'S ANGELS ENRICHES THE LIVES OF THE ELDERLY
IN SMALL GROUP HOMES THROUGH LIVE MUSIC.

THE AUDREY'S ANGELS STORY

Audrey's Angels was founded in 2001 by Audrey and Bob Alderson when they discovered that elderly residents in small group care homes had an overwhelming need for stimulating activities and socialization.

Audrey's Angels was born as a 501(c)3 nonprofit to deliver live music enrichment programs to small group eldercare homes in Maricopa County.

Skilled musicians deliver hour-long live music enrichment programs to the seniors on a weekly basis. The music provides therapeutic benefits to the isolated elderly residents all of whom suffer from age related mental and physical disabilities and can no longer live independently.

There are 1200 small group care homes in Maricopa County. They are licensed to care for no more than ten residents at a time. Audrey's Angels Care Home Partners report that 85% of their residents receive no weekly outside visitors, other than the Audrey's Angels Music Angels.

Audrey's Angels is the only nonprofit to provide live music enrichment programs for seniors in small care homes.

2017 was an exciting year of growth and expansion for Audrey's Angels, and a year filled with many blessings.

We were able to increase the number of seniors and disabled adults that we serve on a weekly basis with our live music enrichment programs. We expanded our reach into the community through new individual and corporate partnerships.

We established the Bob and Audrey Legacy Fund in honor of our founders. This fund will ensure that our services continue.

Sincerely,
Linda Alderson
Executive Director

Message from the Board Chair

"It is such a privilege to serve this organization. Through the efforts of a focused and energetic staff, a passionate and dedicated Board of Directors, and more than 100 talented music and craft Angels who lovingly serve the elderly and fulfill the mission of Audrey's Angels, in 2017 we reached more elderly citizens than ever before. We are honored, humbled and inspired by the generosity of the philanthropic community of the Greater Phoenix area, and we are excited to see the lives of even more of our beloved elderly population enriched in the future.

*-- Kathy Jorgenson
Board Chair, Audrey's Angels*
